

Welcome Message from Patient Forum

The patient forum was set up in 2008 to provide the practice with patient views on new and existing services.

The forum is made up of a group of volunteers who are registered at the practice.

New members are welcome to join us, please inform a member of staff.

Avoid the from Queue - Free App

Download our free app on your smartphone to book and cancel appointments or to order your prescription. The app is available on Apple's Store or Google Play Store. Please search "SystmOnline" and download today.

Signposting Service

Our signposting service identifies patients' needs and actively engages with community and voluntary sector organisations to help meet the needs of the patient. Benfield Park Medical Group is currently referring patients to Newcastle Carers, Newcastle Young Carers, Age UK befriending service and HealthWORKS. For further information, please see Julia our Nursing Assistant.

Practise Allotment

Can you help us with our allotment?

The practise has two allotments and we are looking for patient volunteers, for more Information ask a receptionist.

Practice Website

Please visit our website <http://benfieldparkmedicalgroup.co.uk> for the latest news and updates on the practise.

You can also book appointment and order your medication online. Please ask one of our reception team for further information on how to access this service.

Newcastle Can

Most of us are aware of changes we could make in order to lose weight and get fit, but doing it alone can sometimes feel like an uphill struggle.

So let's come together as a city to change the way we live, work and play, and help make Newcastle the healthiest, happiest city it can be. Please check out the website for further details at www.newcastlecan.com

Think Pharmacy First

We know that people visit their GP with minor illnesses, which their local pharmacist could help with. By visiting your local pharmacy, you could save yourself the time and with no appointment needed, you can just walk in at a time convenient to you.

What are minor illnesses?

Aches and pains
Allergies
Colds and flu
Ear care
Eye care
Stomach aches
Head lice
Any skin or mouth problem

Can I get free treatment?

If you don't normally pay for your medicines, then you don't need to pay with Think Pharmacy First- you can get them free and over the counter from your local pharmacist without the need to see your GP.
